1. Organization, nature and continuation of operations

BRS Ventures Ltd. (the "Company" or "BRS") was incorporated pursuant to the provisions of the Business Corporations Act (British Columbia) on June 8, 2007 and was classified as a capital pool company ("CPC") as defined by TSX Venture Exchange Policy 2.4 ("Policy 2.4"). Under Policy 2.4, as a CPC, the Company was required to complete a Qualifying Transaction ("QT") as defined under Policy 2.4 by identifying and evaluating potential business acquisitions and to subsequently negotiate acquisition or participation agreements subject to regulatory and shareholder approvals. To date, the Company has not completed a QT. Accordingly it is currently trading on the NEX board of the TSX Venture Exchange (the "Exchange") under the trading symbol "BRV.H".

The address of the Company's registered office and its principal place of business is Suite 880, 580 Hornby Street, Vancouver, British Columbia V6C 3B6.

2. Going Concern

These condensed interim financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the ordinary course of operations. For the six months ended April 30, 2015, the Company incurred operating losses in the amount of \$19,529, had accumulated losses of \$1,059,084, had working capital of \$21,211 and had not completed a Qualifying Transaction. In the event the Company is successful in securing a Qualifying Transaction, there can be no assurance that the required additional financing to complete a Qualifying Transaction can be secured. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.

3. Basis of preparation

Statement of compliance and functional currency

These condensed interim financial statements have been presented in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.

These condensed interim financial statements have been prepared on an accrual basis, under the historical cost convention except for financial assets and liabilities which have been measured at fair value as set out in the relevant accounting policies below. These condensed interim financial statements are presented in Canadian dollars which is the Company's functional and presentation currency.

These financial statements were approved by the board of directors on June 19, 2015.

Use of estimates and judgments

There have been no material revisions to the nature of judgments and amount of changes in estimates of amounts reported in the Company's October 31, 2014 annual audited financial statements.

4. Accounting standards issued but not yet effective

IFRS 9 - Financial instruments

In July 2014, the IASB issued the final version of IFRS 9 – Financial Instruments – to replace IAS 39 – Financial Instruments: Recognition and Measurement. The standard is effective for annual periods beginning on or after January 1, 2018, with early adoption permitted. The Company is in the process of determining the impact of IFRS 9 on its consolidated financial statements.

5. GST / HST payments not recovered

During the year ended October 31, 2014, CRA advised the Company that it had re-assessed GST Input Tax Credits refunded related to the 2009 and 2010 fiscal years and determined that the Company was not eligible to recover these GST Input Tax Credits. The Company is disputing this finding with the CRA. As at October 31, 2014, the Company recorded an accrued liability of \$11,000 of GST / HST Input Tax Credits refunded related to this matter pending final resolution with CRA. The company currently reports all GST amounts to the appropriate expense classification on the Statement of Loss.
